Permit Number:

OCRM-06-374-M

Permit ID:

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Al Wilson
C/O WatersDeep, Inc.
P.O. Box 12880
Charleston, SC 29412

LOCATION: On and adjacent to Toogoodoo Creek at Lot H1-A, Summit Plantation Road, Meggett, Charleston County, South Carolina.
TMS#: 127-00-00-081.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock and a boat ramp. Specifically, the dock will have a 4' by 80' walkway leading to a 16' by 16' covered fixed pierhead, both with handrails. Floodside of the pierhead, a ramp will lead to a 10' by 30' floating dock. Ebbside of the pierhead, the applicant proposes to install a 12.5' by 12.5', four-pile boatlift. The applicant also proposes to construct a 10' wide by 20' long reinforced, sloped concrete slab boat ramp to be placed on the ebbside of the proposed walkway. The purpose of the proposed activities are for the applicant's private recreational use. **This permit application is being re-noticed based on a submitted reduction and reconfiguration to the previously proposed 8' by 55' floating dock.**

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

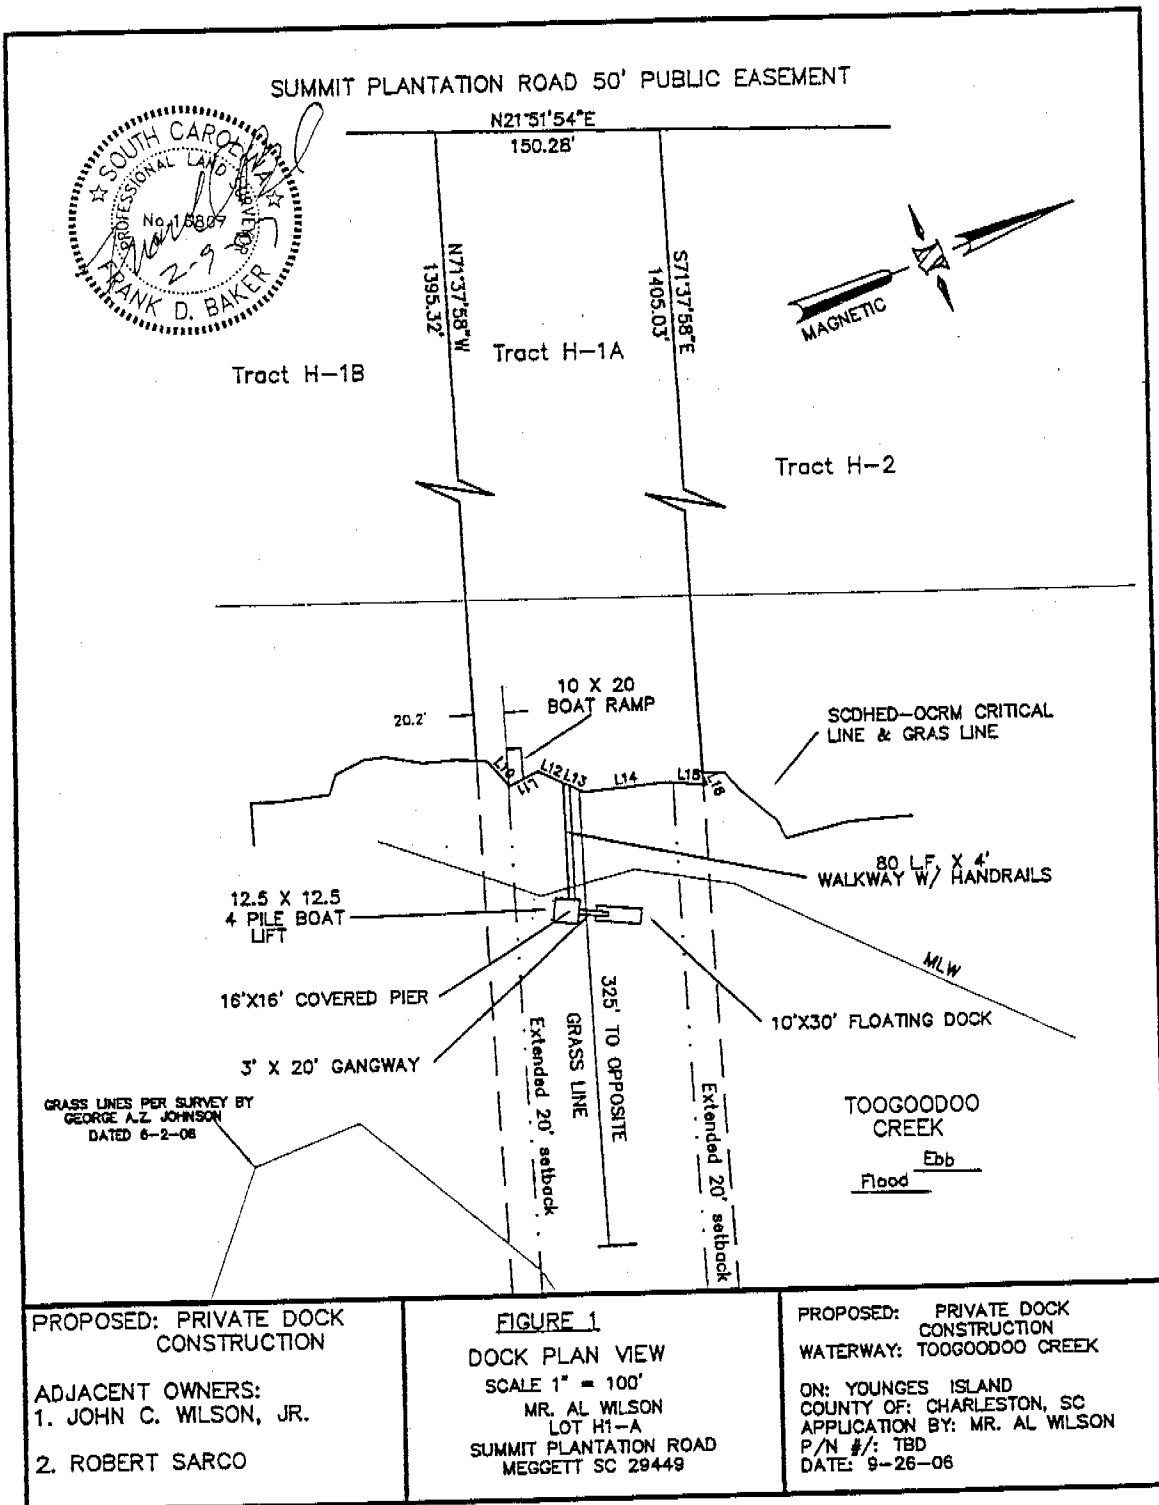

To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 18, 2007. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.
